My life it feels just like a never-ending Monday morning
Somebody wake me from this nightmare
Will it ever end?
No, I don't like it
No color in the sky, the same old tired situation
Stuck in the place I can't escape
I've been here way too long
All this monotony has gotten me nowhere, but down
I'm reckless and on fire

I still remember
We did whatever
We had it all when we were young and free
Was never better, those were the best of times

One last thrill and always
(Sometimes you know it comes to get me)
It seemed to feel so right
(You know I can't deny)
What I'd give for one taste
(What I'd give for just)
Of one last thrill before I die

I go to work
The boss is clamoring for my attention
Another monologue I've heard a million times before
No, I'm not lying

I'm bored to death
This life's been dragging since I don't remember
This 9 to 5 is like a suicide I can't endure
And if I don't get out in time
I think I'm gonna die
I'm reckless and on fire

I still remember
I did whatever
I had it all when I was young and free
Was never better, those were the best of times

One last thrill and always
(Sometimes you know it comes to get me)

It seemed to feel so right
(You know I can't deny)
What I'd give for one taste
(What I'd give for just)
Of one last thrill before I die

I wanna feel what I felt before
I wanna know there's something more
'Cause the Devil down in me, it never dies
I wanna revel in ecstasy
I want the good going bad in me
Wanna live just like I'm dying
I don't wanna let this moment pass me by!
I wave bye bye bye!

(Solo)

One last thrill and always
(Sometimes you know it comes to get me)
It seemed to feel so right
(You know I can't deny)
What I'd give for one taste
(What I'd give for just)
Of one last thrill before I...

One last thrill and always
(Sometimes you know it comes to get me)
It seemed to feel so right
(You know I can't deny!)
What I'd give for one taste
(What I'd give for just)
Of one last thrill before I die
