(written by: Slash / E. Dover / M. Sorum)

You and I Have been playing this game For so damn
long And I don't know why These cards are too old So
I'm gonna fold Bye Bye Bye Bye Bye Bye

Party's over and all our friends are gone Was it
something I said, did we have too much fun Guess you
missed it, look around It's never you who's to blame for
bringing everyone down

It's never you who's to blame For setting the stage You
want it your way

C'mon, C'mon, C'mon Why don't you take it away Take
it away Come on, take it away Take it away Take it away
Take it away Why don't you take it away Take it away

Bad rumors goin' round Nothing said from my mouth
Why would you think It's you It's hitting too close to
home now

Is it me or you Who carries the weight To deal with your
pain And don't you hate it too It smothers and drains all
the same

C'mon, Take it away Take it away Why don't you take it
away Take it away Why don't you take it away Take it
away C'mon, Take it away Take it away Take it away

Chorus

You and I Have been doin' the time For all of your
crimes And I don't know why It don't make sense It
seems such a waste of time Bye Bye Bye Bye Bye Bye

Chorus
