Terrorize your frozen eyes stare deep in me  
Paralyzed inside death feeds on your pain  
Pretty lace in hate you wear my scars  
Terrified you find that you push me too far

Your repulsiveness reminds me of dead flesh  
Rotting corpse the smell of your putrid fuckin' soul  
Petrified that I decide the moment of your death  
Belongs to me the taste is sweet it so unreal  
Your God weeps, it bleeds, begging for mercy  
God is letting you recover

[solo Hanneman]

Welcome to my Black Serenade  
The entrance to my hell your pain  
Scream your song the Black Serenade  
Live in fear a mind insane

Voice inside my head  
Your face still shows itself to me  
Telling me you're dead  
Staring at your lifeless body  
I saw you fucking die  
My minds tearing itself apart  
Screaming from the inside  
Release this pain from my fucking heart  
Destroy the empty shell  
Smash away the haunting fear  
I hate your endless stare  
Watching as I fuck your corpse
