High velocity bullet at close range  
Can damage the mind  
Shattering the skull shredding the brain  
Severing the spine

Bury a round of lead in the chest  
It's quite an impression  
Imagine the innards of your soul  
The infliction

(chorus:)  
Instinctive regression  
With intent to kill  
No regard of human life  
Or the blood spilled

Riddled convulsions  
Confetti of flesh  
Scattered helplessly  
Losing your control of physical facilities

Release the slide to cleanse inside  
Prepare to anoint  
Snap the tongue in groove discharged  
To make my hallowed point

(chorus)

The power of a gun  
Used with conviction  
Dispersed on excursions  
Randomly kills it's victims

My sweet revenge  
Bitter in depression  
The thrilling release  
Of a hated deep persuasion

The power of a gun  
Used with conviction  
Diffused compulsions

Unending repercussions

Violent emotion

Screaming revolution

Spasm[at]ic convulsions

Death an empty gun
