Send me back all the thing she ever wrote  
Tell me secrets of her days when she was young  
Show me nights when she laughed  
So innocent  
I'll be happy  
Waiting till they come  
Love the people that she smiled upon  
Walk with me in streets  
Where she once stood  
Say if it could be that we once passed like strangers  
Long before the love we ever new  
'Cause I've been longing  
For a new world waiting  
I've been hoping  
To be sent  
I've been picking up  
All the love we squandered  
Until you  
Hold me in your swaying arms again  
One day I can see us walking  
Arm and arm in sheltered Kelvin way  
Talking and tripping and teasing  
And heading for the best part of the day  
When your head  
Falls softly on my pillow  
No fear will make you cry or turn you grey  
And we will wake  
So early in the morning  
Knowing you'll never  
Never  
Never go away  
'Cause I've been longing  
For a new world waiting  
I've been hoping  
To be sent  
I've been picking up  
All the love we squandered  
Until you  
Hold me in your swaying arms again  
I've been longing  
For a new world waiting  
I've been hoping

To be sent  
I've been picking up  
All the love we squandered  
Until you  
Hold me in your swaying arms again  
Until you  
Rest me in your swaying arms again  
In your arms  
In your swaying arms  
Your swaying arms  
Hold me  
Bless me now  
Hold me  
Hold me now  
Hold me hold me hold me  
In your arms  
Your swaying arms  
Your swaying arms  
Hold me
