Disengage, it's over
Let me say
What's on your mind
"I'm not gonna try to fix you"
A punishment for all your crimes
She's not gonna try to fix us this time

Everything's turning to dust
All around us
But what if our love is enough
To carry us through?
Nothing in sight
No one around
All that remain
Fall in shadow

Yesterday you loved me
Yesterday it was too easy
To speak, to love, to listen
To everything you had to say
But I'm not gonna lose you this way

Everything's turning to dust
All around us
But what if our love is enough
To carry us through?
Nothing in sight
No one around
All that remain
Fall in shadow

Burning alive, I'm burning alive
x4

Everything's turning to dust
All around us
But what if our love is enough
To carry us through?
Nothing in sight
No one around
Can you hear me?

Every day, every night
All that remain
Fall in shadow
