So hard to find it  
Where the earth meets the sun in the distance,  
So hard to find it  
Where the ocean makes it's entrance  
Everyone loses what they're trying to hold on to,  
And it's so hard to find it.

So hard to find it  
Why we lose all the friends that we once knew,  
So hard to fight it  
While we're trying to fight it just to make it through,  
Everyone bruises, even those who defend you  
And it's so hard to fight it.

Honest and true,  
The hardest was losing you.  
The hardest was losing you.

So hard to fight it  
When I thought you had come to your senses,  
So hard to fight it  
When my heart is digging trenches,  
Wishing for once that you'd just taken my side,  
I can no longer fight it.

Honest and true,  
The hardest was losing you.

Lying here tonight,  
Sleeping alone, sleeping alone again,  
And all I wanna do  
Is leave it alone, leave it alone.  
Lying here tonight  
Sleeping alone, sleeping alone,  
And all I wanna do  
Is leave it alone, let go.

Honest and true,  
The hardest was losing you.  
The hardest was losing you.
