I still think of you at night  
While I beg the Lord to let me sleep  
I pretend that I am all right  
That you're leaving me, yeah

Wherever you go  
I will always long for you  
Wherever you are  
I wish I was there  
If you're running away do you want me to chase you  
Tried to move on but I couldn't erase you  
Wherever you go  
I will always long for you

If I'm honest with myself  
I'd say that we never stood a chance  
Love don't walk away  
You know how bad I need you now  
I'll say it again

Wherever you go  
I will always long for you  
Wherever you are  
I wish I was there  
If you're running away do you want me to chase you  
Tried to move on but I couldn't erase you  
Wherever you go  
I will always long for you

So tell me what to do without you  
Tell what to do without you here  
Tell what to do without you  
Without you  
Without you  
Without you

Wherever you go  
I will always long for you  
Wherever you are  
I wish I was there  
If you're running away do you want me to chase you  
Tried to move on but I couldn't erase you

Wherever you go  
I will always long for you
