I will bleed for the one who gave everything for me  
Watch and wait  
Read up!  
You're going to die for that man whose blood is on my  
hands  
So fess up his name  
And be bled dry  
You can see the new generation of gang signs  
Beware of simple flattery  
They'll hand you over in chains  
Those who serve and protect just protecting their own  
best interest  
As they serve you up to the flames  
But I've got one eye to the Sky  
I see just one man in the distance  
So step up and feel my resistance  
Even if we all die  
Time is on my side  
I laugh inside as they fight him  
Prepare to run I can't spell it out plainly  
Aww, you're befriending the system  
And you're gonna get paid  
And love grows cold as the sick ones hate you  
Never realizing they're the ones getting played  
Read the signs of the end of this age  
As man makes plans  
The flood comes quickly  
Our history's bathed in blood but lets become the  
copycat culture war  
As this Sunday school mind takes the place of the  
kingdom  
And I'm done with this abomination  
Desolation  
Vultures, vultures circling  
And the world will morn as we flee  
I see it's over  
Time is on my side
