"Alive"

Lost in the sunrise you cry
As they fall, your tears shine
You thought I'd left you
But you thought wrong
I'll never leave your side
And now that we're done

You're all I need to feel alive
You're all I need to feel alive
Now that we're done
Let's not forget
The feeling you gave me
It's not over yet
I'm glad you forgave me
It's not over yet

I'm under more pressure
I'm just feeling more stressed
But the feeling you give me
And the feeling I get
Now that we're done
We're better off friends
Without my composure
I'll just hurt you again

You're all I need to feel alive
I can see your soul
Dancing in your eyes
You're all I need to feel alive
I hope you find happiness in other guys

You're all I need to feel alive
You're all I need to feel alive
Ooh
Ooh
