Whoa oh, oh (x8)

I've seen this place before back when I was young
And I had something more to prove
Now that I'm older I've seen all the things that I want
And I'm ready to make my move

Well, stare straight-faced, don't hesitate
Tell you, why would we wanna make you bastards wait?
Thank God I got the chance, now I can say
So now we'll say, we'll say

(We're gonna do what we want!)

Remember when they said that what we want could
never be done?
When it all comes falling down
We'll do what we want to
So we'll do what we want to, yeah, yeah, yeah!

Remember when they said that what we want could
never be done?
Well, look who's laughing now
We'll do what we want to
So we'll do what we want to, yeah, yeah, yeah!

Whoa oh, oh (x4)

Oh my, don't they hate to see us try?
Come on, say what you think, it won't mean a thing
In the end we're gonna be just fine

Well, stare straight-faced, don't hesitate
Tell you, why would we want to make you bastards
wait?
Thank God I got the chance, now I can say
So now we'll say, we'll say

(We're gonna do what we want!)

Remember when they said that what we want could
never be done?

When it all comes falling down

We'll do what we want to
So we'll do what we want to, yeah, yeah, yeah!

Remember when they said that what we want could
never be done?
Well, look who's laughing now
We'll do what we want to
So we'll do what we want to, yeah, yeah, yeah!

We'll do what we want!
Right now!
Come on, come on!
With or without you
We will never regret that!
Don't you cross the line
Don't you cross that line

We'll do what we want!
Right now!
Come on, come on!
With or without you
Don't you cross the line
Don't you cross that line

Remember when they said that what we want could
never be done?
When it all comes crashing down
We'll do what we want to
So we'll do what we want to, yeah, yeah!

Remember when they said that what we want could
never be done?
When it all comes falling down
We'll do what we want to
So we'll do what we want to, yeah, yeah, yeah!

Remember when they said that what we want could
never be done?
Well, look who's laughing now
We'll do what we want to
So we'll do what we want to, yeah, yeah, yeah!

Whoa oh, oh (x4)
