Yeah (x2)

You made up your mind
Right before the sound can move softly from your lips
You leave behind
A choice which once before you thought you could not
resist

You give what you have when you decide that you
Keep burning like fire, it's burning you down

Sometimes they say this should feel something like fire
Till it burns you and you can't
You know you can't remain the same
Stay the same, stay the same, stay the same
I can't change

You're losing the light
Everything that was yours just does not exist
So don't even try to say
Sorry for the things in life that you might have missed

You give what you have when you decide that you
Keep burning like fire, it's burning you down

Sometimes they say this should feel something like fire

Till it burns you and you can't
You know you can't remain the same
Stay the same, although you know
They say this should feel something like fire
No, I can't change

Do what you wanna do
Keep building it higher
Keep burning it down

You lose who you are when you
Keep burning like fire, like it's all around

What do you have to prove?
I'll pray for you

Keep burning like fire, it's burning you down

Sometimes they say this should feel something like fire
Till it burns you and you can't
You know you can't remain the same
Stay the same, although you know
They say this should feel something like fire
Till it burns you and you can't
You know you can't remain the same
Stay the same, stay the same, stay the same
