You!

You!

Tell me how has it taken so long for me to open up my eyes?

How has it taken so long for me to finally realize?

And when they all turn against you, you better be prepared to fight

They say I'm a sinner, but nobody knows
You only do what you're told, you better hope that you're right
They say I'm a sinner, I'm not the only one
You want to point your finger, you better make a choice tonight
'Cause I'll stand up for what is right

How has such a bitter person become a man I am?

Tell me how, how am I to change when I'm still trying to figure out how to be saved?

And when they all turn against you, try not to look the other way

They say I'm a sinner, but nobody knows
You only do what you're told, you better hope that you're right
They say I'm a sinner, I'm not the only one
You want to point your finger, you better make a choice tonight
'Cause I'll stand up for what is right

You! You better choose your side, make your choice tonight!

You! You better draw the line right now between wrong and right!

I am a sinner, I'll never be a martyr!
I'll stand up for what's right!

They say I'm a sinner, but nobody knows
You only do what you're told, you better hope that
you're right
They say I'm a sinner, I'm not the only one
You want to point your finger, you better make a choice
tonight
'Cause I'll stand up for what is right
