Jesus I can see you in the southern sky  
(I can see you in the southern sky)  
When the clouds aren't out the sun is shining through  
(Shining through)  
Jesus do you feel me when our worlds collide  
(Do you feel me when our worlds collide)  
And if have nothing at least I still have you.

5 miles away from, so far away from,  
All we know, all we know  
Jesus do you feel me when I calling out?  
(Do you feel me when I calling out?)  
When I'm asking you to be all that I need  
(All I need).

Jesus help me understand that what I want  
(Help me understand that what I want)  
May not be, what I need.

5 miles away from, so far away from,  
All we know, all we know.  
5 miles away from, so far away from,  
All we know, all we know.

5 miles away from, so far away from,  
All we know, all we know.  
5 miles away from, so far away from,  
All we know, all we know.

5 miles away from, so far away from,  
All we know, all we know.  
5 miles away from, so far away from,  
All we know, all we know.

5 miles away from, so far away from,  
All we know, all we know.

Jesus I can see you in the southern sky.

5 miles away from, so far away from,  
All we know, all we know.

5 miles away from, so far away from,  
All we know, all we know.
