Intro:

Woah oh, woah oh, woah oh, woah oh!
Oh, woah oh, woah oh, woah oh, ohh!

Verse 1:

Should I choose my heart or my head?
I wish that I could just replay the thoughts,
Or things I've never said

Should I use my heart or my head?
I wish that I could just turn back the time
Start over again

Hook 1

But if we're laying it on the line this time
I better say this now

Chorus:

You make me feel low
Don't make me feel low
Cuz I try so hard to convince myself
It's ok that I feel this way

You make me feel low
Don't make me feel low
If I can't have you I'd be by myself cuz
You know I need you so
Don't make me, don't make me
Feel low

Woah oh, woah oh, woah oh, woah oh!
Oh, woah oh, woah oh, woah oh, ohh!

Verse 2:

So tell me why did it take
26 years to figure out how to love
Just throw it all away

She said

Maybe if you'd been a little bit smarter
Maybe if you tried hard enough

I wouldn't question why I shouldn't stay

Hook 2:

If you expect me to come back around
You better show me that you've changed

Chorus:

You make me feel low
Don't make me feel low
Cuz I tried so hard to convince myself
It's ok that I feel this way

You make me feel low
Don't make me feel low
If I can't have you I'd be by myself cuz
You know I need you so

Don't make me, don't make me

Bridge:

Don't make me walk out the door
Don't you throw it away

Don't make me, don't make me
Cuz I'm leaving for good and I'm not coming back
again

When I said it was over I meant it
But now I can't let you go
But still I can't accept that you make me feel so

Chorus:

You make me feel low
Don't make me feel low
Cuz I tried so hard to convince myself
It's ok that I feel this way

You make me feel low
Don't make me feel low
If I can't have you I'd be by myself cuz
You know I need you so

You make me feel low
Don't make me feel low
Cuz I tried so hard to convince myself
It's ok that I feel this way

You make me feel low
Don't make me feel low
If I can't have you I'd be by myself cuz
You know I need you so

Woah oh, woah oh, woah oh, woah oh!
Oh, woah oh, woah oh, woah oh!
