True friends lie underneath  
These witty words I don't believe  
I can't believe a damn thing they say anymore  
Lie! Liar, you'll pay for your sins  
Lie! Liar, I know all the places you've been

Forgiveness, this taste all but poisons my mouth  
I scream but nothing, nothing will come out  
You've gone too far

So tell me, how does it feel  
How does it feel to be like you?  
I think your mouth should be quiet  
'Cause it never tells the truth  
So tell me, so tell me why  
Why does it have to be this way?  
Why can't things ever change?

Falling over, and over again  
Oh, why does it have to be this way?  
From the place I was, to the place I am  
To the place I want to be

For the mountains I've been climbing over  
And under and over  
From the place that I was to the man I've become  
I'll be there to see the tower you'll fall from  
Oh, this kingdom isn't quite what it may seem  
You're an illusion, you'll never be king

Sometimes things are better left unsaid  
But this time you'll get what you give  
(True friends lie underneath  
These witty words I don't believe  
I can't believe a damn thing they say anymore)

"Come down, come down from your tower"  
"Come down, come down from your tower"  
I know that for all my life, for all my strength  
There is only one above who can judge me  
All I am is yours, all I am is yours, I am yours!
