in the middle of the night
something is hurting in my head
i was walking on a dark road
and i looked down at my feet

something was crawling around them
sleiming cold and black
the thing pulled me down to the ground
and draged me away

i feelt the rage was growing up in me
and i wanted to fight
but i didnt came up
from the ground untill i started to

ref.
Dig my own grave*
Madness came from everywhere
Dig my own grave*
my hand was filled whit blood

I cant stand up and fight against this thing
i wasnt strong enough
i was completley smashed to the ground, and twisted whit pain
and i felt the life was stop running

i feelt the rage was growing up in me
and i wanted to fight
but i didnt came up
from the ground untill i started to
