Before the dawning of your morning sun  
I bow down before you for you are the one  
Even at noon day to mid afternoon  
Evening's arrival you shine like the moon

When love's in the place  
God's in the space  
This the place  
The place for you

You play the music and I'll keep the time

When friends they don't follow

With new state of mind

When love's in the place  
God's in the space  
This the place  
The place for you

God's in the space  
This the place

For me and you and you too
