(V1) 2 in the morning, police knockin' at my door  
What for? Never know the reasons they be coming  
packin'  
And then they're coming through the I tell them " He  
just kick down  
My door"  
Even though I'm on the floor with a gun to my head.

All the reason I be holdin all the trees  
And I gotta a lot a weed  
They be spottin' me with infa-red  
In the mood I say, " who the hell is you?"  
Still they comin through holdin up the innocent

(V2) 3 in the mornin in the cell you'll get harrassed by  
the man  
Call my girl, baby coming just as quick as she can  
With the money and the 'case' we gonna make it alright  
Even though my weed and money can't afford it  
tonight.

And leave the 'case' to detonate inside the place while  
I'm gone,  
Tellin all the places, yo, I ought to handle all this alone  
I say somethin' wrong? wait, who the hell is you?  
Aw you coming through, holdin' up the innocent.

(V3) 4 in the mornin, police knockin' at my door, what  
for?  
Bet I know the reason they be comin' back and  
Then they comin through, I tell them " He just kicked  
down my door"  
Even though I'm on the floor with a gun to my head

All the reason I be holdin the trees  
I gotta lot a weed  
They be spottin' me with infa-red  
And I'm in the mood saying " who the hell is you"  
Oh you comin' through, holdin' up the innocent.
