I said, you want some even though you never need it,  
do you feel it  
yea?

I said, you want some even though you never need it,  
do you feel it  
yea?

But I want the ganja, never hurt no one  
Lord, you got to kill off the one youth man  
But I want the ganja, never hurt no one  
Lord, you got to kill off the one youth man

He said now, girls and guns, guns and girls  
Come together like the diamond and pearl  
One, the one, ruled the world  
Tried to tell me you're no ordinary girl

Said little woman, would you like to come quick?  
I said now woman, would you like to roll a little faster?  
Woman, would you like to come quick, quick, quick?  
Wouldn't you like it if we roll a little faster?

Said, I'm going, going, back, back  
All the way to Cali, Cali, that's where I wanna be  
Said, I'm going, going, back, back  
All the way to Cali, Cali, that's where I wanna be

Got five hundred clip, five hundred clips  
And again I'm going to New York, New York  
Got five thousand, five thousand clips  
And then I'm going to New York, New York

And then I'm going, going, back, back  
All the way to Cali, Cali, that's where I wanna be  
Said, I'm going, going, back, back  
All the way to Cali, Cali, that's where I wanna be

I said, you want some even though you never need it,  
do you feel it  
yea?  
I said, you want some even though you never need it,  
do you feel it

yea?

But a bandelero  
But a bandelero  
But a bandelero  
But a bandelero

We gonna shoot up the one, say no
