If I think she beautiful, well that's for sure
Give a little loving, but I still gon need some more, rob
it
Stealing from the rich and then give it to the poor
Telling everbody it don't matter anymore, she said
All I really needed was a friend like you
Help me through and together we can change, but
If I was to stay it wasn't for too long
People sing the same song everywhere I'm going
Closer to the sun and far from the moon
People screaming out they gonna see me real soon,
they say oooo

If I think she beautiful, well that's for sure

Give a little loving, but I still gon need some more, rob
it
Stealing from the rich and then give it to the poor
Telling everbody it don't matter anymore, said
All I really needed was a friend like you
Help me through and together we can change, but
If I was to stay it wasn't for too long
People sing the same song everywhere I'm going
Closer to the sun and far from the moon
People screaming out they gonna see me real soon,
they say oooo
