But when we dub

Really want to but it doesn't want me
don't need fever them 100 and 3 degree
baby wonder why this happen to me
And if all these people gettin cover for free
But the police don't let the people be who they be
If you never ever blind with somebody to see
Cause all these people need is a€!

Them fruits, they need the fruits, them fruits, they
need them fruits

There she go, gone an irrational hoe
And if you really dont want them be talking to me
And I don't need fever, but them 100 and 3 degree
And if you wonder why this happen to me

And there she go, gone an irrational hoe
Really want to but it doesn't want to listen to me
Don't need fever, but them 100 and 3 degree
And if you wonder why this happen to me

All my people getting cover for free
And the police don't let them people be who they be
And you'll never ever find on somebody to see
Cause all these people need is a€!

Them fruits, they need the fruits, them fruits, them
