Keep your mind on your music
So that nobody can refuse it
I said a little bit of rhythm and a little of soul
And a reason for the mind control

Come on and keep your mind on your music
So that nobody can refuse it
I said a little bit of rhythm and a little of soul
And a reason for the mind control, come on, say

And here's a story how we started
You know we wasn't really brothers
But we was because we grew up just right

Across the street we causing trouble
But just as much as any other kid
We knew if he was growing up right

But then you know that we would learn what is in store
So when we grabbed a couple guitars and they showed
us some chords
So don't you know that music is the way you keeping
your all
With six strings from the fact that were ready to roll

So keep your mind on your music
So that nobody can refuse it
I said a little bit of rhythm and a little of soul
And a reason for the mind control

Come on and keep your mind on your music
So that nobody can refuse it
I said a little bit of rhythm and a little of soul
And a reason for the mind control, come on

The things that once were lost have seem to find their
way
(Like it would know other)
It seems like we've been through this almost every day
(Well, you better discover)

That it moves right through you slowly

It's hard to see what kind of end you'll be holding
Just as long as we do what we know we can do
Well, then we listen what happens to you

So keep your mind on your music
So that nobody can refuse it
I said a little bit of rhythm and a little of soul
And a reason for the mind control

Come on and keep your mind on your music
So that nobody can refuse it
I said a little bit of rhythm and a little of soul
And a reason for the mind control, come on and

Keep your mind on your music
So that nobody can refuse it
I said a little bit of rhythm and a little of soul
And a reason for the mind control

Come on and keep your mind on your music
So that nobody can refuse it
I said a little bit of rhythm and a little of soul
And a reason for the mind control
