Cuz we don't need no cocaine
We don't need no ecstasy
To ruin our brains
Only good is sensi spliff
For reas I pay
Talkin bout the herb

Cuz we someone just like u
Everything we do the same
Or is that true
Girl I love u mary jane
What would I do
Fall without the herb

So put the love into this
Girl and don't u feel no shame
Just let this be
Girl I love you mary jane
And she love me
All about the herbs

Cuz we don't need no cocaine
All we need is good sensi
To rule our brains
Only one thing sensi spliff
For reas I pay
Talkin bout the herbs

Cuz we someone just like you
Everything we do the same
Or is that true
Girl I need u mary jane
What would I do
Fall without the herbs

Put ur love into this
Girl and don't u feel no shame
Just let this be
Girl I love u mary jane
And she needs me
