It all started late on a saturday night
Said who's got the spliffs and who's got the pint
Look out the window said to my surprise
Here comes the man in blue and his flashing lights
He said now
Ã¢â€šâœy you know your party's fuckin' over with
Because ya
Smokin' joints and you're rollin' spliffs
Now tell me,
Whatcha think i ought to think of this
Say wantcha
Pull out your sack i said or you will be missed
Say now mr.officer come charge me all the time
You got me for possession but i swear that it's not mine
No matter what you do or say
It's bound to come right back this way
And if you want a moment's peace say
This is what you'll say c'mon an'
Let's get this party started
Until the break of dawn an'
Let's keep this party movin'
Until there's no one home an'
Let's get this party started
Until the break of dawn an'
Let's keep this party movin'
All you've got to do is sing
Can't take the pressure for long
All they wanna do is rock Ã¢â€šâœ~til after 2
Getting' high then me singin' this song
Snap another b and drink another brew
Said they
Can't take the pressure for long
All i wanna do is rock Ã¢â€šâœ~til after 2
Getting' high then me singin' this song
Snap another b then drink another brew (x2)
C'mon
Betta' watch he roadblock but me so sorry mr.cop
I bet you anything me gonna get stopped
Betta' watch he roadblock but me so sorry mr.cop
I bet you anything me gonna get stopped
Hey mista coppa said now why'd you stoppa me na na
I wasn't driving me car badly

I said don't go lock me up because me smoke sensi
Yes this is the ghetto but me live 'cross the sea
Say now mr.officer come charge me all the time
You got me for possession but i swear that it's not mine
No matter what you do or say
It's bound to come right back this way
And if you want a moment's peace say
This is what you'll say c'mon an'
