well the clock says its time to roll, yeah,  
for all you people fo' sho'.  
and maybe some should consider  
a place thats open till four.

the lights go down and your ready for the open road  
maybe theres a chance, fo' sho'.  
never really knowin if youll be on the other side  
when its time to come home.

realize that im gonna be the one who,  
takes your hand while we're walkin through the avenue.  
but im your man, i wanna take your.  
oh im your man whos gonna make ya.  
then your so far away from here,  
to be on your own.  
then so far away from here,  
to be all alone.

never had a reason or a will to deceive you girl,  
maybe theres a chance fo' sho'.  
never really knowin if youll be on the other side,  
when its time to come home.

realize that im gonna be the one who,  
takes your hand while we're walkin though the avenue.  
but im your man, i wanna take your.  
oh im your man whos gonna make ya.
