Oh yeah

(Try to get up, try to get up)

(Try to get up, try to get up)

Wait and see because you know you need somebody

I said, the lovin' you lost is just one of the costs

When you're livin' in the streets and you're runnin' from
cops

And everyday, it's just the price you pay

When you're livin' by the words and the things you say

And if your mother only knew

That all these things you say you know are true

C'mon and a little woman, yes, the one you wanted

The type of woman leave you brokenhearted

Got the type of body that you can't ignore

Said, you got a lot of money but you can't afford

A little lovin' from the wrong side

Of the bed you sleepin' for the long night

Wait and see because you know you need somebody

(Try to get up)

Oh yeah, somebody

(Try to get up)

Oh yeah, somebody

(Try to get up)

Oh yeah

(Try to get up, please somebody)

You're sayin' that you're leavin', baby

I don't think that you're comin' back

And nothing's meant to last forever

Let me know what you think about that

'Cause taking time to think about it

Only means that you'll work it out

Said thinkin' that you need her

And what it's all about, c'mon and

If your mother only knew
That all the things you say you know are true

And if you're thinkin' that you need someone new
You'll have to wait and see because you know you need
somebody

(Try to get up)
Oh yeah, somebody
(Try to get up)
Oh yeah, somebody
(Try to get up)
Oh yeah
(Try to get up, please somebody)
