There was a rythm to the beat at the wedding that was  
brilliant  
Can't you hear it?  
There was terror in my heart of your silent  
Don't feel it?

We were speaking clearly  
Come on ?? backwards into darkness from infinity  
Can't you hear me?

??  
It was misadventures of dope  
13 miles on a ??  
??  
It was ?? hungry for hope  
It was the misadventures of dope  
?? dead bird making out with this fool  
?? Yes she does  
??

Given enough time all things are possible  
They're astronomical  
Can't you hear me?

??  
It was Misadventures of dope  
13 miles on a ??  
??  
It was ?? hungry for hope  
It was the misadventures of dope
