nevermind this body, it's only dying
if they're smiling, i must be crying
if you're awake, i must be dreaming
nevermind this body, it's only breathing
if they're alive i must be dead
if they're alive i must be dead

nevermind this body, it's only dying
if they're smiling, i must be crying
if you're awake, i must be dreaming
nevermind this body, it's only breathing
if they're alive i must be dead
if they're alive i must be dead

nevermind this body, it's only dying
if they're smiling, i must be crying
if you're awake, i must be dreaming
nevermind the scenery, it's only bleeding

nevermind this body, it's only dying
if they're smiling, i must be crying
if you're awake, i must be dreaming
nevermind the scenery it's only bleeding
