Strange love

Cutest thing I ever seen

Strange love

Cutest thing I ever seem

You remind me of something

That I have seen in a dream

Can I take you out to dinner

Some place where we can be alone?

Can I take you out to dinner

Some place where we can be alone?

Tell you how much I love you

Then let me hold you in my arms

(harmonica & instrumental)

You as sweet as honey

Love to be yo' honey comb

You as sweet as any honey

I love to be yo' honey comb

Then when the time is right, darlin'

There'll be some lovin' goin' on.

(harmonica & instrumental to end)
