Rainbows are gettin' back in style  
There's sunshine everywhere and I'm learnin' how to smile  
The only time it rains is to cool things for a while  
But since I met you, I can't forget you and rainbows are back in style

There's not a thing in this world I'd rather do to just sit,  
stare at your face  
You're so pretty that you made the world a whole lot happier place  
Well, life's worth livin' and the love you're givin'  
Has made me feel this way and rainbows have chased the clouds away

Rainbows are gettin' back in style  
There's sunshine everywhere and I'm learnin' how to smile  
The only time it rains is to cool things for a while  
But since I met you, I can't forget you and rainbows are back in style

Well, your name is like music and I can't help singin' it over and over again  
This happy feelin' has got me thinkin' it's heaven I'm livin' in  
Well, the love we share puts magic in the air and every dream comes true  
And rainbows have turned my skies to blue

Rainbows are gettin' back in style  
There's sunshine everywhere and I'm learnin' how to smile  
The only time it rains is to cool things for a while  
But since I met you, I can't forget you and rainbows are back in style
