I've been around here since 4.am  
Teardrops swollen, falling down again, in my eyes  
They fall tonight  
It's beyond what real life is,  
Being divine is feeling like this  
On again, I'm born again...

And I'm a boy who needs a girl  
The one who can rule the world  
And I'm a boy who needs a girl, girl, girl  
Who wants to rule my world, my world, my world

I rest my body in some crooked crosses  
Hypnotized by my twisted gossips, out of time  
I mean, out of my mind  
And if I change your life with my six string noises

I deserve a prize and some gold medal trophies  
I can't buy, but you can try  
I'm prepared for a million losses but it can't be you

And I'm a boy and she's a girl  
The one who can rule the world  
And I'm a boy who needs a girl, girl, girl  
Who wants to rule my world, my world, my world

All in all we're young and we can climb up walls  
I'm stuck and I won't get out  
These words are here to show  
How I really am behind this glam

All in all we're young and we can climb up walls  
I'm up and I won't come down  
These words are here to show  
How I really am behind this glam

And I ask to the sun, if I'll still find anyone

I'm a boy who needs a girl  
The one who can rule the world  
I'm a boy who needs a girl  
Who wants to rule my world, my world, my world

Who wants to rule my world
