In one minute I'm off, I even forgot the sound
While your dirty fingers come down
I try to protect me from what I'm not
Heavy routine I've lost, I don't kiss I suck
In your lips I'm young and free
No caring no love, seulement pornographie
It can't be compared to any other venture
Releasing pressure,
Dropping out the madness is the bound

Show girl, show girl, show girl
None of us can handle, take it more easy
Show girl, show girl, show girl
None of us can handle, please take it more easy

You're so new and special to me,
Guess I deserve your sympathy,
You know life is a cabaret, with huge black dicks
And white trash clichés
I like the way you treat me like scum
Loveless when you make me cum
Pretending electro flesh, keeps me on a high,
unattached
How far we can go, I certainly wouldn't ask so
You're Juliet I'm Romeo, you're an alibi for our mixed up
worlds
It can't be compared to any other venture
Releasing pressure,
Dropping out the madness is the bound

Show girl, show girl, show girl
None of us can handle, take it more easy
Show girl, show girl, show girl
None of us can handle, please take it more easy
Show girl, show girl...

What's your name, what's your number
You set fire with flames, pull me out when you're
getting under (x3)

Yeah

Show girl, show girl, show girl
None of us can handle, take it more easy
Show girl, show girl, show girl
None of us can handle, please take it more easy
Show girl, show girl, show girl, show girl
