I'd walk a thousand miles
For the promise of your
Soft and gentle touch
And I don't count the distance
Cause the thought of you will
Carry me there
I've wrestled with the understanding
That I can't spend
Another day without you

If I said that I was wrong
If I wrote you this song
Would it bring you back to me?
And if I said that I had changed
Would you ask me to stay
And rest my head?
And when you see me
Will you know me?

The path has turned against me
And I've fallen in a place
I've never known
But no one can convince me
That it isn't worth it
We are meant to be

If I said that I was wrong
If I wrote you this song
Would it bring you back to me?
If I said that I had changed
Would you ask me to stay
And rest my head?
And when you see me
You'll know that

I need your love, yes your love
And I need your love, your love

If I said that I was wrong
If I wrote you this song
Would it bring you back to me?

If I said that I had changed
Would you ask me to stay
And rest my head?
And when you see me
Will you know me?
Will you love me again?
Will you love me again?
