"Get Out"

Visit "[Get Out](#)" on MotoLyrics.com

[Shyne]

Yeah, yeah

This ones for my Brooklyn playboys

This ones for my L.A. playboys

This ones for my Chi-town playboys

ATL, down south

NC, SC

Where you be?

Come on, just play it with me

[Shyne]

When it come to hoes, we don't love not one

Fuckin a friend ain't no option

It's a must, her friend assists like Stockton

When we fuck, I gotta have two not one

She know a freaky nigga like me

Get her wet then I'm out like strike three

No doubt, make her girlfriend eat her out

After we fuck then the exit be the route

Believe me, we don't love them hoes

Break out, after we dug them hoes

You wanna stay bitch, what'cha talkin 'bout?

Put your shoes on and start walkin out

[Hook: Slim + Shyne]

Get out, I don't wanna hug you

Get out, bitch I don't love you

Get out, what'cha talkin 'bout

Put your shoes on and start walkin

[Shyne]

You know you hittin, you got me lickin the hole

Before I'm stickin the hole up in my face

In the place most niggas don't see love drug baby

I'm about to O.D. cocaine pussy

One stroke be a whole ki

You're feminine, hood from heaven an'

I'll do anything, orals to S and M

Keep you satisfied, back ?certified?

Come and take a ride, I'll be your great adventure

Tell ya friends I bent'cha, who sent'cha?

Must'a been God, my bedroom angel taken

Lovin the curves as you purr while im stroking
Grabbin ya hair, dont'cha dare shed a tear
You a good girl, don't cry
Shake that thang that I give
Throw ya back as I dig
Like a broke mattress you had me sprung out
But ain't nothin changed you got to get out

[Hook]

To all my niggas that know what I mean
When you fuck a bitch good she don't wanna leave
I go through this all the time
Bitch act like she don't see the exit sign
Start cryin, how much she love Shyne
Thats the same thing she told my man Brian
What the fuck, she think I'm stupid?
Don't know my pimp blood is deeply rooted
Inherited, that be my heritage
That I don't give a fuck about a bitch fetishes
So when we fuck, and it's over
Throw ya pocketbook, on ya shoulder
Put your shoes on and hit the road
and if your last name Royce, bitch you Roll

[Hook 2X]
