Let's go, 112
Bad boy baby, DefJam, collaboration
(Guess who's back)
Hey yo, Slim, you ready? Talk to 'em

I wanna show you how I feel
Don't hold back, here's my love
Baby, you're the one for me
(I wanna know)

How do we get down tonight
No more games, let's spend some time
Baby, won't you give it to me, just give it to me, baby
You don't know what you do to me, the way you touch
me

Girl, I'm tired of playin' games, are you ready?
I love it when you're on top, girl, it's no sweat
Won't you just give it to me?
Girl, we can do it

Hot and wet, girl, you make me wanna sweat
When you touch me like that
Girl, you know I wanna give it to you
Hot and wet, girl, you make me wanna sweat
When you touch me like that
Girl, you know I wanna give it to you

Baby, never give easily, don't stop now
I can't wait to show you belong to me
Know how you like to take your time
Let me show you what real love should be

Girl, you don't know, baby
You don't know what you do to me, the way you touch
me

Girl, I'm tired of playin' games, are you ready?
I love it when you're on top, girl, it's no sweat
Won't you just give it to me? Girl, we can do it

Hot and wet, girl, you make me wanna sweat
When you touch me like that

Girl, you know I wanna give it to you
Hot and wet, girl, you make me wanna sweat
When you touch me like that
Girl, you know I wanna give it to you

Now baby, you know work it, you work it, tweak it, work
it
I feel like your every imperfection is worth it
Luda, yeah, what you heard is true
I make you do things you even know you could do

Got 'em weak in the knees 'cause my back is strong
And you wonderin' why your girls wanna tag along
'Cause them birds is jealous, my word embellish
Plus they heard that I kiss every curve and crevice

I'm too hot to handle, I'll rock your mantle
When I play 112 and light sixteen candles
Deep sea fishin' in your favorite position
Every time you moan, I pay close attention

Flip 'em like a pancake, show me something
Or we can break in your vibrating tongue ring
Let's mountain climb till we reach the peak
The technique will make you sweat
But don't sweat the technique

Hot and wet, girl, you make me wanna sweat
When you touch me like that
Girl, you know I wanna give it to you
Hot and wet, girl, you make me wanna sweat
When you touch me like that
Girl, you know I wanna give it to you

Hot and wet, girl, you make me wanna sweat
When you touch me like that
Girl, you know I wanna give it to you
Hot and wet, girl, you make me wanna sweat
When you touch me like that
Girl, you know I wanna give it to you
