(verse 1)

Baby i love the way you
Lookin' at me, lookin' at me
You're so amazing you gotta
Give it to me,give it to me
You touched every single part of me
I'll touch every single part of you
I'm gonna make sure that you
Gonna wanna come back for more

Baby i can tell you
Feelin' me,feelin' me,
Your body's calling
What's ur fantasy, fantasy,
You touched every single part of me,
I'll touch every single part of you
Hey girl stop playing games and meet me at the door,

(chours)

Do you wanna get down,
Do you wanna get down tonight,
You can bring your home girl if you like,
Don't be scared girl i won't bite,
Cause i'm gonna bring it out of you,
All the freaky things inside of you,
It's goin down tonight,
I said it's goin' down tonight,
Yes yes it's goin' down tonight.

(verse 2)

Girl when we meet here,
Were gonna go, were gonna go,
Takin' you to places
You never been before, been before,
I'll do freaky things you like,
You'll do freaky things i like,
I'm gonna make sure that you're
Gonna wanna come back for more.

Let's try to keep this between me and you
Me and you.
No need to tell unless you want me to want me to.

We'll do freaky things tonight,
We'll do freaky things i like.
So girl stop playin' games and meet me at the door

(chours)

Do you wanna get down tonight,
You can bring your home girl if you like,
Don't be scared girl i won't bite,
Cause i'm gonna bring it out of you,
All the freaky things inside of you,
It's goin' down tonight,
I said it's goin' down tonight,
Yes yes it's goin' down tonight.

(verse 3)

Hey yo shankin that body like it's jello,
Shawty bout to make 112 loose control
We all up in the club like hey yo,
Work it like a stripper like ooo wooahh,
Come and take a sip of that oo wooahh,
She's all over me like oo wooahh,
In the v.i.p im like
Do it baby,
Shake it baby,
Drop it baby,
Shake it baby.

(T.I.)

Pimp to the t in the v.i.p,
Everybody drinkin' in the bar with me,
I spot a group of ladies with there eyes on me,
And I aint gotta pic one
I can have all three,
Like, what's the latest i have seen u choosen,
Can help but thinkin of u threandin nude and
Skip the game cut that out of confusion,
I'm tired of talkin over all this refusen.
If this goes to well we all can loose it
Make em an offer and they couldn't refuse it,
Got in the two door started cruzin,
We blew threw when they started removin',
And while i drove they topless now,
Two of those it's poppin now,
Touch here, kiss there, no stoppin now,
She licked there and got her underwear droppin'
down...

Ooo baby...

(chours repeats)
