Mike and a girl talking to each other:]

[Girl:] Mike..

[Mike:] Yeah, baby

[Girl:] It's over

[Mike:] How can you say that?

[Girl:] I'm sorry. The love is gone.

[Mike:] No, please don't leave me.

[Girl:] Don't feel bad.

[Mike:] How can I not feel bad. I love you.

[Girl:] But, it's better this way.

[Mike:] No. I don't believe this.

[Girl:] No, baby

I never thought that it could be  
You would turn and do this to me  
I can feel the love that we had between us  
Merely fade away  
You told me you'd never go away  
And for me you'd always be here  
Now you tell me that somethings wrong and you must  
move on

[Chorus:]

Lonely heart is what I'll be  
And no one cares for me  
Let me show you now  
The way that it would be if you were with me  
Now I can feel the love we share  
When you say it's not there  
Deep inside I know that you still care  
But I need you to show me now

I'm lookin' for a quiet place where love is free  
And the dreams we shared last eternally  
I feel now that it's the time  
So won't you please come over here  
The closer and the closer I get to you  
Keeps me warm to know that you'll stay around  
So please keep your promise to me and don't go

[Chorus]

Let me show you now  
The way that it would be if you were with me  
Now I can feel the love we share  
When you say it's not there  
Deep inside I know that you still care  
But I need you to show me now

[Chorus (fades out)]
