Injection, follows.

Uhh ahh [repeat]

Mike?

Yes?

The love I have right next to me  
Is here and always will be  
I'm caressing your body emotionally  
As you can feel and will see

Why can't we go all the way to the top  
The fullest extreme  
The sounds I hear when you're with me  
Express the way that you feel, girl  
As you say -

Uhh ahh [repeat]

In our passion sent we move in close  
The love that we share is the same  
I can tell when I reach down deep inside  
You show it when you call out my name

Squeezing you tight and holding you close  
Is all I feel inside  
Although I try to hold in my love  
It's something that I just can't hide

Uhh ahh [repeat]

The music is low  
The lights are dim, there we lie  
Passion overflows  
With every look in your eyes  
Infatuation, lust  
And a lot of love  
Sweet caresses

Yes, it's food to be true  
Enclench my back  
Ecstasy fills the air  
As you kiss on my neck  
And stroke the back of my hair  
To hold you tonight  
I feel this is, my dear  
To grasp, to hold  
To rock that place

Uhh ahh [repeat]

Give it to me, baby  
I'll rub your back  
As you lay here with me, yeah oh  
I want you and I need you  
Hold on to me, yeah  
Right now, baby, oh, oh  
And don't go away  
Please, baby, stay with me  
Oh I can do it to you  
The way that nobody else can babe
