## "Unbelievable"

Visit "[Unbelievable](#)" on MotoLyrics.com

This is a DPS productionÂ...

Give me a beat. [X8]

IÂ'm gonna have some fun tonight  
Lookin for a girl tonight  
Lookin for a perfect per-son-ality  
And she gotta have a freaky side  
I wanna knowÂ...  
If you are curious  
Then I wanna get serious  
If you are feelin this  
Then this is what I need

Girl let me be your everything  
Baby all that you need and more  
Shakin off all this drama in my life  
Girl IÂ'm kickin it at the door  
I wanna knowÂ...  
If you are curious  
Then I wanna get serious  
If you are feelin this  
Then come to me, so unbelievable

*[Chorus]*

So unbelievable  
Your love is incredible  
If youÂ're available (girl this is what I need)  
Then just let me know  
So, So unbelievable  
Your love in incredible  
If youÂ're available  
So unbelievable  
So, So, So, SoÂ...

IÂ'm gonna have some fun tonight  
And I wanna get sexual  
Put you lips on top all over me  
And you know that I like it slow  
I wanna knowÂ...  
If you are curious  
Then I wanna get serious

If you are feelin this  
Then this is what I need

Gonna make your dreams come true tonight

Cause baby Iâ€™m feelin you  
We can do just what you want, just what you like  
Cause itâ€™s all about me and you  
I wanna knowâ€¦  
If you are curious  
Then I wanna get serious  
If you are feelin this  
Then come to me, so unbelievable

*[Chorus X2]*

The dambdest thing  
I wanna buy you all the finest things  
Big house in the hills  
Supersize your rings  
My mindâ€™s on my money  
And my moneyâ€™s on my mind  
Get you up out of the ghetto  
I just want you to shine  
So donâ€™t be telling your girls my money donâ€™t stretch  
And donâ€™t be sayin that 112 donâ€™t make hits  
Cause you know I moved up  
>From the 5 to the six  
When I shift with the radio  
I know they gonna like this  
Sayin Def Jam is like sayin no stress man  
Tvâ€™s and champaign in the stretch Lex man  
Pour a glass for yourself and pass it to the next man  
Takin trips from Atlanta to the Kamen Islands  
Forget your problems, lay back, catch a tan  
You know we livin it up, chillin in the sand  
Catch me off in the club, spend a couple grand  
Itâ€™s Un-be-live-a-ble

*[Chorus X4]*
