Thankful

(Taj Jackson/ Taryll Jackson/ TJ Jackson)

Verse

There's no doubt

You're the one, the special girl in my dreams

And hence down you're the best thing that has
happened to me

Just like a glove you are there to catch me when I'm
falling

You lift me up when I'm down

I will always be there for you

Chorus

I want you to know that

I'll always be thankful (I'm so thankful that I have you)

With you by my side everyday I am grateful

You give me your love, that's so true and so beautiful

(So true, you're everything I could need)

(Girl I want you to know that) I'll always be thankful for
you

Verse

All my life, I waited patiently for you

And now that you're finally here

I can prove that dreams come true

(Everytime I'm lost) you help me find the way

(In my darkest hours) girl you're there to lighten up the
days

I believe if there's ever been a miracle it's here with me

And now I want to say

Chorus

I want you to know that (I'll always be thankful for you
girl) (ooh I'm so thankful)

With you by my side everyday I am grateful

(Thankful, grateful, thankful that I have you)

You give me your love that's so true and beautiful

(You give me everything I could need)

(So now I want you to know that) I'll always be thankful
(for you)

Hook

And in my times of need
(You come and rescue me)
You always seem to find a way
Now I believe I can reach for the moon
And I (owe it all to you)
You show me the right when I am wrong
(When I'm weak) yet you'd be strong yea
And when there are problems, you know how to solve it
(Even if no words can show) still I want you to know

Chorus

I want you to know that I'll always be thankful (girl I will
always be, thankful!)
With you by my side everyday I am so grateful
(everyday I am so thankful, every single day!)
You give me your love that's so true and beautiful
(So true and so beautiful, so true and so beautiful)
I want you to know that I'll always be thankful
(I'm so thankful that I have you)

So now I want you to know (that I'll always be thankful)
No matter what people say girl (I'll always be thankful)
So for now and always (I'll always be thankful) for
