Here is no one left to trust
Erased a lie, one that I can see

There is left this enormous burn, for there's left to
remain
I am walking trough, watching what's left

Hold me close
This is what I see, emptiness in me
This is how I feel, this is what is real
I can't move back
There is no turning back
I can't breath this, what is feeding you eyes

I crawl my way through every day
Erased your lie, (scream) one there's left for me
Give me the fire to pass this behavior
I am walking through fire
Shattered alone, I begin to dissolve

Walk me through
This is what I see, emptiness in me
This is how I feel, this is what is real
I can't move back
There is no turning back
I can't breath this

I am breathing
Breathing it now
Breathing it now

Is this all that is left for me

Hold me close
This is what I see, emptiness in me
This is how feel, this is what is real
I can't move back, there is no turning back
I can't breath this, what is feeding your eyes

This is what I see, emptiness in me
This is how I feel, this is what is real
I can't move back, now there's no turning back

I can't breath this, what is feeding your eyes
