You are pushing my patience, I've been lied to and used

I'm sick and tired of being denied and refused

Hurting me (hurting me)

Breaking me (breaking me)

Hurting me (hurting me)

Burning me

Cause what you see is real and true

You can't take that away from me

No matter what you do

You can't take that away from me

I won't let it slip away

It means too much to me

Cause what you see is real and true

I will not let you break down, what I've built up

I will do whatever it takes to make this stop

Hurting me (hurting me)

Breaking me (breaking me)

Hurting me (hurting me)

Burning me

I won't let it go!

Cause what you see is real and true

You can't take that away from me

No matter what you do

You can't take that away from me

I won't let it slip away

It means too much to me

Cause what you see is real and true

You see things from a different point of view

Why should I listen?

Why should I let you in?

Why should I even trust you?

We are like two different worlds apart

Won't let you in on what's rightfully mine

Why should I even trust you?

Hurting me (hurting me)

Breaking me (breaking me)  
Hurting me (hurting me)  
Burning me

I won't let it go

Cause what you see is real and true  
You can't take that away from me  
No matter what you do  
You can't take that away from me  
I won't let it slip away  
It means too much to me  
Cause what you see is real and true

REAL AND TRUE!
