You remember me, You remember us
It was magical when I felt you touch
It's strong memories still today
It feels so good with your body close
Those days are gone time flies away
This is what I dream of still today

(????????? just see that ??????????????????
Within my heart ?????????????? within my heart
?? place for you
No matter what was said and done
Within my heart you always be inside my heart
???)
Every little beat within heart
It's still beating for us
Every little piece of my heart
It's still longing for us
I am not strong enough I know
I can not ever let you go
Within my heart, within my heart
(Within my heart, within my heart)
Within my heart...
