Visit "[Gematria](#)" on [MotoLyrics.com](http://MotoLyrics.com)

All I ever really wanted was to take the blame  
I will go down in history and not down in flames  
Meningitis  
I will survive this  
Dry sockets and a schizophrenic crisis  
The time of the nine has begun  
Get out of the way or you will suffer as one

This is so typical  
Apocalyptical  
Hanging on abysmal release  
Jesus  
I don't need this  
Don't wanna be this  
Icon in the making  
My hands are fucking shaking

What if god doesn't care?  
What if god doesn't care...

Remember  
Surrender  
The time is now  
Continue  
We're in you... and we will burn your cities down

America is a killing name  
It doesn't feel or discriminate  
Life is just a killing field  
It's all that's left - nothing's real  
Throw away your disposable past  
And fall apart like a cigarette ash  
We are the fatal and vital ones of the world  
And we will burn your cities down

What if god doesn't care?  
What if god doesn't care?

America is a killing name  
It doesn't feel or discriminate  
Life is just a killing field  
It's all that's left - nothing's real  
Throw away your disposable past  
And fall apart like a cigarette ash  
We are the fatal and vital ones of the world

And we will burn your cities down

Down...

We will burn your cities down

Feed the hungry - feed them shit  
Feed them bones and politics  
You wanna revolutionize?  
Be specific and believe your eyes  
Start a war in another backyard  
And we'll destroy your house of cards  
Give me a minute and I'll change your mind  
Give me a bullet and I'll change your life

Remember

Surrender

The time is now

Continue

We're in you...

And we will burn your cities down

America is a killing name  
It doesn't feel or discriminate  
Life is just a killing field  
It's all that's left - nothing's real  
Throw away your disposable past  
And fall apart like a cigarette ash  
We are the fatal and vital ones of the world  
And we will burn your cities down

We will burn your cities down

America... what if "god" doesn't care?
