I'm in conniptions for the final act you came here for
The one derivative you manage is the one that I abhor
I need a minute to elaborate for everyone the
Everyday bullshit things that you have done

You're impossible ego fuck is like a
Megalomaniacal tab on my tongue
You fuckin touch me I will rip you apart
I'll reach in and take a bite of that
Shit you call a heart....

I don't mind being ogled, ridiculed
Made to feel minuscule
If you consider the source it's kind of pitiful
The only thing you really know about me is.
That's all you'll ever know

I know why you blame me
I know why you blame yourself
I know why you plague me
I know why you plague yourself

I'm turning it around like a knife in the shell
I wanna understand why, but I'm hurting yourself
I've haven't seen a lot of reasons to stop it
I can't just drop it
I'm just a bastard but at least I admit it
At least I admit it

I know why you blame me
I know why you blame yourself
I know why you plague me
I know why you plague yourself

Kill you-fuck you-I will never be you
Kill you-fuck you-I will never be you
I can't fucking take it anymore
A snap of synapse
And now it's fuckin war
Kill-you-fuck you-I will never be you

I know why you blame me
I know why you blame yourself
I know why you plague me
I know why you plague yourself

I know you blame me
I know why you blame yourself
I know why you plague me
I know why you plague yourself

I know why you blame yourself
I know why you blame yourself
I know why you plague yourself
I know why you plague yourself
