I'm in conniptions for the final act  
You came here for the one derivative  
You manage is the one I abhor  
I need a minute to eliminate for everyone the  
Everyday bullshit things that you have done

Your impossible ego fuck is like a  
Megalomaniacal tab on my tongue  
You fuckin' touch me I will rip you apart  
I'll reach in and take a bite out of that shit  
You call a heart, yeah, yeah, yeah

I don't mind being ogled, ridiculed, made to feel  
minuscule  
When you consider the source it's kinda pitiful  
The only thing you really know  
About me is, that's all you'll ever know

I know why you blame me  
I know why you blame yourself  
I know why you plague me  
I know why you plague yourself

I'm turning it around like a knife in the shell  
I wanna understand why but I'm hurting myself  
I haven't seen alot reasons to stop it  
I can't just drop it, I'm just a bastard  
But at least I admit it, at least I admit it

I know why you blame me  
I know why you blame yourself  
I know why you plague me  
I know why you plague yourself, yeah

Kill you, fuck you, I will never be you, yeah  
Kill you, fuck you, I will never be you, yeah  
I can't fucking take it anymore  
A snap of the synapse and now it's fucking war  
Kill you, fuck you, I will never be you, yeah

I know why you blame me  
I know why you blame yourself

I know why you plague me  
I know why you plague yourself

I know why you blame me  
I know why you blame yourself  
I know why you plague me  
I know why you plague yourself

Well, I know why you blame yourself  
I know why you blame yourself  
I know why you blame yourself  
And I know why you blame yourself
