Here comes the pain! (#5 "Carlito's Way" sample)

Enemy - show me what you wanna be
I can handle anything
Even if I cant handle you
Readily - either way it better be

Don't you fucking pity me
Get up, get off

What the hell am I saying?
I don't know about malevolent
Sure as hell decadent
I want somebody to step up, step off

Walls, let me fall, fuck you all!
Get a grip, dont let me slip 'till I drop the ball

Fuck this shit, I'm sick of it
You're going down, this is war!

FUCK IT!

Who the fuck am I to criticize your twisted state of
mind?
You're leaving me suspect, I'm leaving you grotesque
Feels like a burn from which you never learn
Cause and effect, you jealous ass
Press your face against the glass - suffer

Fuck this shit, I'm sick of it
You're going down, this is war!

GO!

I've just begun
It's about that time
Gotta get mine

You can't kill me cause I'm already inside you
