Even if you run, I will find you  
I decided I want you, now I know I need

If you can't be bought, tougher than I thought  
Keep in mind, I am with you  
Never left out fate, can't concentrate, even if you run

You will be mine  
Fucking you will be mine  
Fucking you will be mine  
Fucking you will be mine

Well I found you leanin' out of an open window  
You laughed off my fingers clenched  
Too perfect, far too careless  
I couldn't help myself, I just took you

Dammit man I knew it was a mistake  
Dammit man I knew it was a mistake  
Dammit man I knew it was a mistake  
Dammit man I knew it was a mistake

You brought it outta me, mistake  
You brought it outta me, mistake  
You brought it outta me, mistake  
You brought it outta me, mistake

Better make yourself at home, you're here to stay

You won't bother me, if you let me bother you

All the doors are locked, all the windows shut  
Keep in mind, I watch you  
Never leave my side, never leave me, fucker even if  
you run

What the fuck is different man? I can't believe I'm doin'  
this  
What the fuck is different man? I can't believe I'm doin'  
this  
What the fuck is different man? I can't believe I'm doin'  
this

What the fuck is different man? I can't believe I'm doin'  
this

What the fuck is different? I can't believe I'm doin' this  
What the fuck is different? I can't believe I'm doin' this  
What the fuck is different? I can't believe I'm doin' this  
What the fuck is different? I can't believe I'm doin' this

Dammit man I knew it was a mistake  
Dammit man I knew it was a mistake  
Dammit man I knew it was a mistake  
Dammit man I knew it was a mistake

You brought it outta me, mistake  
You brought it outta me, mistake  
You brought it outta me, mistake  
You brought it outta me, mistake
