I felt the hate rise up in me,  
Kneel down and clear the stone of leaves,  
I wander out where you can see,  
Inside my shell I wait and bleed  
My eyes are red and gold,  
Everything is 3-d blasphamy  
My hair is standing straight up  
This is not the way i pictured me  
I felt the hate rise up in me,  
Kneel down and clear the stone of leaves,  
I wander out where you can see,  
Inside my shell I wait and bleed  
You havent changed a thing  
I havent changed a thing  
GOODBYE!  
You havent changed a thing  
I havent changed a thing  
GOODBYE!  
(3-d blasphemy.....)
